Re: Recommendation for Sarah French

---

I am pleased to write this letter of recommendation for Sarah French, a graduating senior from Four County Career Center. Sarah is an outstanding individual and has been enrolled in the school's two-year Health Sciences program.

I began working with Sarah when she was a candidate for State HOSA office in the Winter of 2020 and now as she serves as a State Vice President for the over 6,700-member of the student organization. Sarah has been active in HOSA competitions at the regional level and state level. This past summer she served as a delegate to National HOSA's international Leadership Conference.

Sarah has been active in school and community events including serving as Vice President of her local HOSA chapter. She has been involved with the school's Drama, Speech team, International Thespians Honor Society and DECA clubs. Sarah has been on the Cross Country team since 2018 and is involved in her church and Youth Group along with volunteering at Acorn Buckeye Camp.

Sarah has developed and presented workshops as an officer of Ohio HOSA for the virtual Fall Leadership Conference that involved over 3,000 members and has presented at our recently held virtual State Leadership Conference.

Sarah will be attending The Ohio State University this fall. She will be an outstanding representative for your scholarship program. She will be an asset the healthcare profession and will be a successful in her educational goals and career choice.

Sincerely,
